

## **Past Presidents Meet to Nominate New Officers**

On Thursday, August 28, 2008, several past presidents of the Kingsport Area Safety Council attended their annual luncheon to nominate Officers and Directors to serve on the KASC Board of Directors for the upcoming fiscal year. In attendance were Mike Livingston, Shannon Salts, Dick Bailey, Jack Alvis, Gene Faxon, and Randy Cassell.

The first order of business was to select nominees for the Vice Presidential positions, including Industrial, Traffic, Public Relations, Home and School, Construction, History and Records, and Public Safety. It was proposed that the group of current Vice Presidents remain the same provided nominees accept their positions. The Secretaries, Treasurer and Web Master were also unchanged. Several new nominations were made for Directors, so those members will be contacted to confirm their nomination. A brief discussion was held on expanding the base of companies participating on the Board.

The annual awards program was reviewed, and a member was selected to receive the Swanson Pendleton Outstanding Service Award. Other discussions were held that will be announced in the future. The proposed nominations for the board will be presented during the Annual Awards and Recognition Banquet at the Eastman Lodge on Wednesday, September 17, 2008. The new officers and directors will serve from October 1, 2008 through September 30, 2009. The Board meets on the second Thursday of each month at a local restaurant to oversee all activities of the council.
