

**KASC Annual Banquet
September 30, 2010 @ Domtar Cabin**

Gene Faxon called the meeting to order. Tom Baker opened with prayer.

On behalf of our President Jean Rhea, Gene provided a Power Point presentation that included an overview of news and events for 2009 – 2010 (see 2010 Banquet Presentation).

On matters of business, the Board of Directors voted at a recent meeting to make minor changes to the current KASC By-laws. In 2006, the Board had approved these changes, but they were never officially implemented. Randy Cassell read these recommendations and made the motion to accept these changes as read, and Mike Livingston made the second motion. The floor was opened for comments (none made) and the motion was approved unanimously.

Gene Faxon presented the nominations for 2010 – 2011 Officers and Directors.

Mike Livingston made the motion to accept with Dana Taylor motioning second. The approval was unanimous.

Randy Cassell agreed to serve the 2nd year term for President to replace JeanRhea.

Melissa Hamilton was presented with the Swanson Pendleton Outstanding Community Service Award. Melissa is an active member of the Board of Directors, and she has unselfishly supported the council throughout the year, including two Community Safety Awareness presentations, several community safety functions, and she has worked diligently in applying for the National Safety Council's Safe Community Award for the Tri-Cities area.

Randy Cassell was presented with the Guy Isenberg Life Time Achievement Award for his long-term involvement and superfluous efforts in keeping the KASC successful. He is highly active on several committees and has previously served as President and Treasurer for the council. He has been an active member since 1989.

Door prizes were distributed to conclude the evening's activities. Special thanks to Brenda Lowder, Pearl Dotson and Julia Williams for their extra efforts in decorating and ordering the food for this event.
